Ladibug Document Camera

1. Click the Document Camera Icon on the desktop.

2. The controls will appear on the top right of the desktop.

3. Click the Ladibug icon (centre) to view the controls.

4. Click the Advanced Functions icon (bottom right) to see all controls:
5. Click the Display Live Images icon (top left) to begin using the document camera. This will also enable some of the other controls.

6. Click the Camera Settings icon to adjust settings.
